Code: **PE21179**

Description:

Ashtray consisting of a tubular steel structure in the version to be fixed, or wall mounted.

On the front of the tubular section there is an opening in which a perforated sheet metal grid is inserted which acts as a cigarette extinguisher top. Inside the tube there is a drawer-type container with an extraction in the front part by releasing a lock with a universal key that allows you to remove a closing door. The tubular column is closed on the upper part with a cap in welded sheet metal and the base consists of a square plate that can be fixed to the ground by means of expansion plugs.

All metal parts are galvanized and painted with thermosetting polyester powders in various RAL colors.
