

Catalogue: **School and Community Furniture**

Category: **Bar counter**

Code: **TUCANO**

Description:

From a structural and technological point of view, the Tucano has been designed with all metallic materials, as a guarantee of solidity and durability over time and with features that make it flexible in its composition and functional in its management.

These quality features are enhanced by a design that is more than modern, innovative and of great aesthetic effect. The profile of the counter "a becco di tucano" highlights the uniqueness of this furniture and is just one of the many details that make the Tucano a real object of modern design.
