Description:

The Crocodile is part of the Organiq collection, inspired by nature, in which each structure is designed to resemble an animal.

It comprises climbing nets and ropes, with modules made from rotation-moulded polyethylene, soft rings, mushroom-shaped steps and a rope-suspended seat.

The steel frame features Ø133 tubes, characterised by varying radii of curvature and assembled using injection moulding.

The mushroom-shaped steps with a non-slip surface and the movable rings are made of polyethylene. The numerous nets are made of multi-layered polypropylene ropes with a steel core, 16 mm in diameter. The suspended seat is made of rope 140 mm in diameter, suspended from the ropes.

The course is designed for children aged 3 to 12 and can accommodate up to 65 users at any one time.

The product complies with standard EN 1176-1.
