

Catalogue: **Urban Furniture**

Category:

Code: **PE02211**

**Description:**

Gazebo with load-bearing structure in northern pine impregnated in autoclave, with a 2-layer roof, made with a stretched shading sheet.

This cover lends itself to different functions, from the protection of picnic / rest areas, to the creation of playful corners for children, protecting them from the sun.

Overall dimensions: 300 x 300 x H max 260 cm

Above ground H 220 cm

**Notes:**

the reference image is indicative, the cost refers to the gazebo only (table and benches are excluded)
