Description:

Single iron bed frame 80x190 cm with wooden slats, easy and quick to assemble, super resistant and durable. The carbon steel frame is robust and resistant, designed to last over time without deforming or damaging and with a maximum recommended capacity of 100 kg. The bed structure is suitable for accommodating a single mattress measuring 80x190 cm with a height of 35 cm and has a headboard and footboard with wavy bars interchangeable between them. The base with birch wood slats ensures robustness combined with flexibility and elasticity. The slats distribute the weight evenly and give optimal support to the mattress, allowing you to maintain the correct posture during sleep. The bed's feet are fixed and rest on a comfortable anti-scratch rubber which protects the floor from marks and keeps the structure more stable. Structure dimensions: 80x190 cm - leg height 35 cm Net dimensions: 80x190 cm Available colours: White, Grey, Red, Black
