

Catalogue: **Furniture for Nursery and
Preschool**

Category:

Code: **GL01048**

Types of school: **nido**

Description:

The den is a game that has been designed and built to be a corner of your space for imagination and freedom.

In particular, the little ones will be able to invent many funny situations associated with this product, entirely made of wood, with small strips with a circular section on the roof that give way to fix sheets and sets, thus adapting to the most diverse activities. The den is entirely made of plywood. Available on request in different colors.

Dimension: 100 (p) x150 (l) x120 (h) cm
