

Catalogue: **Furniture for Nursery and
Preschool**

Category:

Code: **SP0304X**

Description:

The dressing room / dressing area, is a structure that adapts to any environment, creating a defined space in which children can organize their things in an orderly and educational way. The changing room consists of elements in shaped plywood, a bench (nest or maternal height) and a clothes rail for 10-12 children, equipped with hangers. The side walls are made with windows to give breath to this space, as well as to allow the versatility of use. Dimensions: 150x150x150 cm
