

Catalogue: **Park & Playground Equipments**
Category: **Multi-purpose plastic structures**
Code: **PE30051**

Description:

Maggiolone Standard and Deluxe are multifunctional games: children can climb the ladder, go down the slide and, at the same time, play in the little house with doors and windows. They are made entirely of plastic (high density PE) in all its components: slide, ladder, doors, windows and handrails. Thanks to the ease of assembly, the absence of maintenance and the exceptional durability and strength of high-density polyethylene, it is ideal for equipping play areas for bathing establishments, parks, schools and kindergartens with extreme ease.

Available in different color combinations, Beetle can be used both indoors and outdoors.

All components are 100% recyclable.

Dimensions:

L 4050 x D 765 x H max 1475 mm
