### Description:

Teqball is a revolutionary sports equipment with an innovative and sophisticated shape. Designed for outdoors and indoors, resistant to water and UV rays. Fixed structure that cannot be closed, easy to assemble and can be fixed to the ground. The rigid net allows the continuous rebound of the ball, to guarantee a continuous, fast and dynamic game. Thanks to the resistant structure players can play in complete safety and rely on their skills and technical abilities in hitting the ball with precision. Five kinds of sports can be played with this table: Teqball, Teqis, Teqpong, Qatch and Teqvoly.

Dimensions: L 300 x D 170 x H 90 cm
