Catalogue: Park & Playground Equipments

Category:

Code: **PE22033**

Description:

Panel for play and logical learning ideal for kindergartens but also for equipped playgrounds. Structure made of anodized aluminum, with uprights section 9 x 9 and crosspieces section 9 x 4,5 cm; Multi-colored game panel in high molecular density polyethylene (HDPE), completely finished with screws equipped with closing plug.

The panel shows a labyrinth drawn in engraving, thus allowing you to play following the path with your finger.

Available in floor or parapet version.

Floor version dimensions: L 92 x H 115 cm approx. Dimensions of the parapet version: L 92 x H 92 cm
