

Catalogue: **Park & Playground Equipments**

Category:

Code: **PE02145**

Types of school: **nido, materna**

Description:

Multi-game house, composed of different elements coordinated to allow the children to have a space articulated to their measure. The structure is in Nordic pine impregnated in an autoclave with colored hpl panels. The game consists of a raised raised platform, with interactive walls with weather resistant rotating instruments. The covered area is equipped with suitable benches to the little ones.

Basic dimensions: 175x125 cm

Notes:

The colors of the equipment represented in the images are purely indicative.
