

Catalogue: **School and Community Furniture**

Category: **Projector Screen**

Code: **BL21009**

Description:

Projection screen, manual spring, self-locking every 13 cm with net projection light 240 × 200 cm.

The discreet elegance of the white color accompanied by the refined Italian design make the Platinum ideal for home environments.

The box is in white lacquered aluminum which makes it, despite its large size, a light and practical screen to hang with its side caps prepared with holes for both wall and ceiling; boasts a container box where the wrapping speed of the canvas has been significantly increased.

White canvas.

The spring mechanism is guaranteed for two years because the details that compose it are made of reliable and indestructible materials. The dimensions of the box are 9.5 × 9.5 cm.

The canvas measures 240 × 200 cm. in 1: 1 format. The developed diagonal is 123 inches.

Ideal for Home cinema and for all places where it is not possible to have a power connection.
