Preschool**

Category: **Psychomotor kit**

Code: **IV30070**

**Description:**

Semi-spherical path composed of bricks with anti-slip knurling.

The elements, interlocking themselves in a safe and stable way, form a varied and colorful path; the bricks are made in a semi-cylindrical shape to increase the degree of difficulty, allowing the child to test and improve his balance and dexterity.

The route includes: 12 straight bricks and 12 curved bricks
