

Catalogue: **Furniture for Nursery and
Preschool**

Category:

Code: **AS33001**

Description:

The particular crossfit flooring is easy to install without the use of double-sided adhesives, glue or screws. With the particular hammer coupling system, it rests on the ground, excluding additional costs for installation.

Excellent for technical movements, crossfit and weight lifting, it helps to unload heavy and dynamic overloads on the ground, helping the joints not to be stressed intensely.

PLATE DIMENSIONS:

100 cm x 100 cm

Thickness: 2 cm

Weight: 20/25 Kg

Black colour
