

Catalogue: **Park & Playground Equipments**

Category: **Safety Surfacing**

Code: **SZ01007**

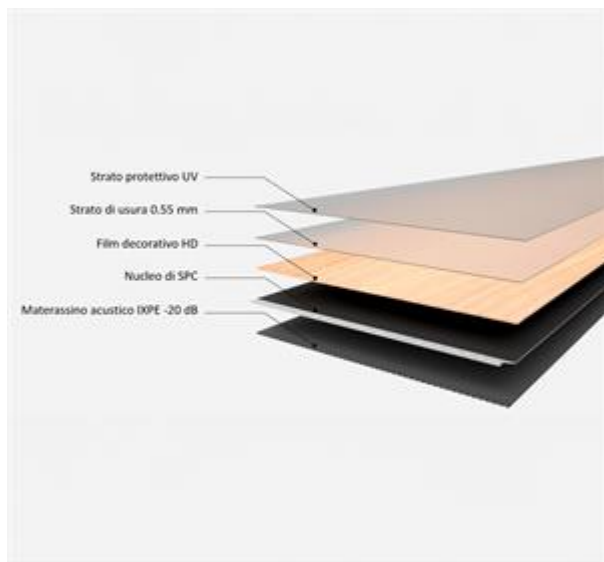

Description:

High-resistance, quick-install, loose-lay vinyl flooring (click-fit), ideal for residential and commercial applications, a perfect combination of innovation, quality, and design. Equipped with a sound-absorbing cushion and a synchronized 3D polyurethane surface protection for an even more realistic effect, it offers excellent dimensional stability. Wood-effect plank finish with in-register embossing.

Dimensions and Structure Slats: 1524 x 228 mm 5.5 mm total thickness

- Fire rating: Bfl-s1
- Slip resistance: R10
- Friction coefficient: Class DS
- Antistatic properties: EN 1815
- Dimensional stability: EN 23999 $\leq 0.15\%$
- Acoustic insulation: ΔLw 20DB
- Wheelchair: Suitable
- Residual indentation
- Light fastness: Grade 6
- Fungal resistance: Growth 0
- Ambient air quality: TVOC emissions French Reg. A+ Formaldehyde emissions Class E1 (does not contain formaldehyde)
- REACH regulation: Does not contain substances listed in the SVHC list
