

Catalogue: **Park & Playground Equipments**

Category: **Surfaces accessories**

Code: **PE33061**

Description:

Demarcation system for flowerbeds, planters, or paths. This innovative edging system offers a modular, eco-sustainable, and fun solution for designing fences, perimeter and boundary areas, playgrounds, gardens, and public spaces. Made of recycled SBR rubber granules, derived from end-of-life tires (ELTs), with a galvanized steel core.

Diameter: 25 cm

Height: 40 cm

Available in the colors: Red, Blue, Yellow, Black, and Gray.
