Description:

Football table without coin acceptor with the variant being adjustable in height at three different levels: from a height of cm. 80 to a height of cm. 91 to grow together with your children!

Multi-layer poplar plywood cabinet covered in plastic laminate.

Upper part in anodized aluminum which forms a protective barrier to the wood, protecting it from infiltrations of humidity and sunlight, without the need for any treatment over time.

Auction diam. 18 in steel treated with anti-rust chrome.

Telescopic rods (the rod does not come out of the cabinet) for total safety even for the little ones.

Game board in unbreakable tempered glass mm. 5 of thickness.

High-slip plastic bushings.

Legs in painted iron with adjustable foot for perfect leveling.

Recovery goal balls from two slots on the sides.

Practical and fast height adjustment.

Playing field: 111x70 cm.

Colori:

Light blue
