

Catalogue: **Park & Playground Equipments**

Category: **Wooden Play structures**

Code: **PE0244X**

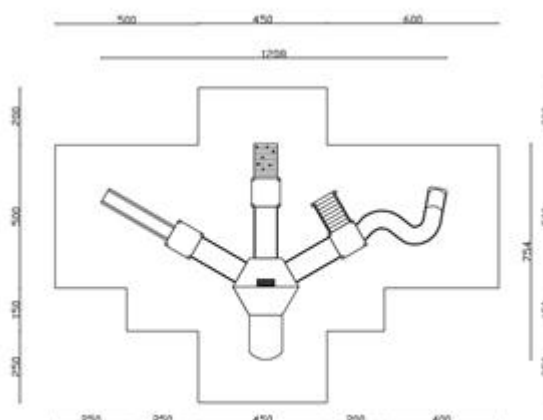

Description:

Ruined castle, composed of a central hexagonal tower with roof, which rises on 2 levels, bridges of different types (Tibetan, rickety and classic bridge - with the possibility of inserting a tunnel slide on request -), three turrets with slides (S and classic) and climber climbers. The lower part of the central tower is equipped with a drawbridge that, together with details taken care of in the smallest details, allow to generate endless types of games. All our woods are made of Nordic pine with ecological pressure impregnation that allows an optimal and lasting protection of the wood outside. The uprights are laminated wood, while all the fixing screws are protected by PVC caps in the shape of a daisy in different colors. Annual maintenance is recommended as indicated by EN 1177. Overall area: 1208x754 cm Security area: 111.25 square meters Platform height of slide: 130 cm

Notes:

The colors of the equipment represented in the images are purely indicative.

Allegati:

- protegge da Insetti e funghi
- rispetta le normative proteggendo l'ambiente e i consumatori
- esente da acido borico
- testato da oltre 15 anni

I NOSTRI LEGNI

I nostri impregnanti penetrano in profondità in modo uniforme, assicurando una protezione permanente ed efficace contro funghi e insetti che distruggono il legno.

PROTEZIONE ECOSOSTENIBILE DEL LEGNO PER ESTERNI
